

WisdomTree Canada Announces Reinvested Distribution for WisdomTree U.S. Quality Dividend Growth Index ETF

Questrade ETFs Will Merge into WisdomTree Canada ETFs

TORONTO, November 23, 2017 — WisdomTree Asset Management Canada, Inc. ("WisdomTree Canada") today announced reinvested capital gains distributions for the 2017 tax year for the WisdomTree U.S. Quality Dividend Growth Index ETF, (the "Fund").

These are capital gains distributions, which will be paid in the form of reinvested distributions. The record date for the reinvested distributions is November 29, 2017, payable on December 6, 2017.

Fund Name	Ticker	Reinvested Distribution Per Unit (\$)
WisdomTree U.S. Quality Dividend Growth Index ETF – Hedged	DGR	0.5284
WisdomTree U.S. Quality Dividend Growth Index ETF – Non-hedged	DGR.B	0.3460

The reinvested distributions are considered notional distributions and are automatically reinvested in units of the Fund at the time of the distributions and immediately consolidated so that the number of units held by each investor, the outstanding units of the Fund and the net asset value of the units of the Fund do not change as a result of the capital gains distributions. Unitholders of record on November 29, 2017 will receive the reinvested distributions. Investors holding units outside of registered plans will have taxable amounts to report and an increase in the adjusted cost base of their investment.

The Fund is declaring reinvested distributions in anticipation of the completion of the merger of the Questrade ETFs into the WisdomTree Canada ETFs as detailed in the Questrade Wealth Management Inc. announcements issued on [November 10, 2017](#) and [November 20, 2017](#).
