

WisdomTree Canada Announces Revised Year-End Distributions for 2016 for Certain ETFs

TORONTO, FEBRUARY 17, 2017 — WisdomTree Asset Management Canada, Inc. (“WisdomTree Canada”) today announced revised amounts for reinvested distributions for certain WisdomTree ETFs (the “Funds”) for the year ended December 31, 2016, as indicated in the table below.

Details of the per-unit reinvested distribution amounts are as follows:

Fund Name	Ticker	Revised Reinvested Distribution Per Unit (\$) ⁽¹⁾
WisdomTree Europe Hedged Equity Index ETF	EHE	2.4860 ⁽²⁾
WisdomTree U.S. Quality Dividend Growth Variably Hedged Index ETF ⁽³⁾	DQD	0.79592
WisdomTree U.S. High Dividend Index ETF – Non-hedged	HID.B	0.47939
WisdomTree International Quality Dividend Growth Index ETF – Hedged	IQD	0.3760 ⁽²⁾

Notes:

- (1) The reinvested distributions represent special year-end income distributions.
- (2) Includes and recharacterizes the distribution amounts originally made as capital gains distributions as announced on January 6, 2017.
- (3) Formerly, WisdomTree U.S. Quality Dividend Growth Dynamic Hedged Index ETF.

These revised annual distributions are considered notional distributions and are automatically reinvested in units of the Funds at the time of the distribution and immediately consolidated so that the number of units held by each investor, the outstanding units of the Funds and the net asset value of the units of the Funds do not change as a result of the distributions. Unitholders of record on December 31, 2016 will receive the revised 2016 annual reinvested distributions.

These distributions, which are in addition to the cash distributions paid out during the year, are made to ensure the Funds are not liable for ordinary income tax. The tax characteristics of these year-end distributions will be reported in the normal course to unitholders in early 2017.
