In addition, the WisdomTree International Quality Dividend Growth Variably Hedged Index ETF (DQI) has announced a reinvested income distribution.

Details of the per-unit reinvested income distribution are as follows:

Fund Name	Ticker	Reinvested Income Distribution Per Unit (\$)
WisdomTree International Quality Dividend Growth Variably Hedged Index ETF	DQI	0.3863

The reinvested distributions are considered notional distributions and are automatically reinvested in units of the Fund at the time of the distributions and immediately consolidated so that the number of units held by each investor, the outstanding units of the Fund and the net asset value of the units of the Fund do not change as a result of the distributions. Unitholders of record on December 31, 2018 will receive the reinvested distributions. Investors holding units outside of registered plans will have taxable amounts to report and an increase in the adjusted cost base of their investment. The tax characteristics for all distributions declared in 2018 will be reported in early 2019.
