

WisdomTree Canada Announces Revised 2018 Annual Capital Gains Distributions and Cash Distributions

TORONTO, December 28, 2018 — WisdomTree Asset Management Canada, Inc. ("WisdomTree Canada") today announced revised December 2018 cash distributions and final amounts of the 2018 annual reinvested capital gains distributions for the WisdomTree Canada Quality Dividend Growth Index ETF (DGRC) as indicated in the table below. For all other WisdomTree Canada ETFs listed on the Toronto Stock Exchange, the reinvested capital gains rates previously announced on December 20, 2018 are unchanged.

The record date for the 2018 annual reinvested distributions and cash distributions is December 31, 2018, payable on January 8, 2019.

Details of the revised per-unit capital gains and cash distributions, which replace those previously announced on December 20, 2018, are as follows:

Fund Name	Ticker	Cash Distribution Per Unit (\$)	Distribution Frequency	Reinvested Capital Gains Distribution Per Unit (\$)
WisdomTree Canada Quality Dividend Growth Index ETF – Non-Hedged	DGRC	0.061	Quarterly	0.0257

The revised reinvested distributions are considered notional distributions and are automatically reinvested in units of the Fund at the time of the distributions and immediately consolidated so that the number of units held by each investor, the outstanding units of the Fund and the net asset value of the units of the Fund do not change as a result of the distributions. Unitholders of record on December 31, 2018 will receive the reinvested distributions. Investors holding units outside of registered plans will have taxable amounts to report and an increase in the adjusted cost base of their investment. The tax characteristics for all distributions declared in 2018 will be reported in early 2019.

Further information about the Funds can be found at www.wisdomtree.com.
