

Fund Overview

The WisdomTree Emerging Markets Dividend Index ETF seeks to track the price and yield performance of the WisdomTree Emerging Markets Dividend Index CAD, a fundamentally weighted index designed to provide exposure to companies with high dividend yields. The exposure that the portion of the Fund's portfolio attributable to the Non-Hedged Units has to foreign currencies will not be hedged back to the Canadian dollar.

Index Description

The WisdomTree Emerging Markets Dividend Index CAD is a fundamentally weighted index that measures the performance of dividend-paying stocks within emerging markets. The Index is comprised of all dividend paying companies within countries classified by the Index Provider as emerging markets that meet minimum listing, market capitalization and liquidity requirements. Companies are weighted in the Index based on annual cash dividends paid.

Commissions, management fees and expenses all may be associated with investing in WisdomTree ETFs. Please read the relevant prospectus before investing, which is available at WisdomTree.com. WisdomTree ETFs are not guaranteed, their values change frequently and past performance may not be repeated. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or operational charges or income taxes payable by any unitholder that would have reduced returns. Performance of less than one year is cumulative total return.

Please note that Canadian law does not allow the display of performance data for ETFs in operation less than one year.

Disclosures

12-month Trailing Yield: The trailing yield is calculated by totaling cash distributions over the past 12 months and dividing by the Fund NAV from the as-of date. This figure is net of management fees and other fund expenses.

Distribution Yield: The yield is calculated by annualizing the most recent cash distribution and dividing by the Fund NAV from the as-of date. This figure is net of management fees and other fund expenses.

Management Expense Ratio (MER): As reported on the Fund's most recent Management Report of Fund Performance. MER is the total of the Fund's management fee and operating expenses, including all waivers and absorptions, and is expressed as an annualized percentage of the average daily net asset value.

Net Total Return (NTR): Net total return includes changes in the index value and reinvestment of all net distributions after deduction of withholding taxes.

The **WisdomTree Emerging Markets Dividend Index CAD** was launched on May 26, 2016. Performance of the Index prior to the launch date represents hypothetical back-tested data and has been included for illustrative purposes only. This hypothetical back-tested data has been calculated by an independent calculation agent and WisdomTree. Index performance does not represent actual fund performance. Index returns assume reinvestment of distributions received, but do not reflect fees, transaction costs or expenses. You cannot invest directly in an index. Past performance does not guarantee future results.

The MSCI Emerging Markets Index CAD (NTR) is a free float-adjusted market capitalization index that is designed to measure emerging markets equity performance.

Total Return (TR): Total return includes changes in the index value and reinvestment of all distributions before deduction of withholding taxes.
