Footnotes:

WisdomTree International Equity Index The WisdomTree International Equity Index is a fundamentally weighted Index that measures the performance of dividend-paying companies in the industrialized world, excluding Canada and the United States, that pay regular cash dividends and that meet other liquidity and capitalization requirements. It is comprised of companies incorporated in 15 developed European countries, Japan, Australia, New Zealand, Hong Kong, Israel and Singapore. Companies are weighted in the Index based on annual cash dividends paid. Prior to August 31, 2015, the WisdomTree International Equity Index was named the WisdomTree DEFA Index

WisdomTree International Quality Dividend Growth Index CAD The WisdomTree International Quality Dividend Growth Index CAD was launched on May 26, 2016. Performance of the Index prior to the launch date represents hypothetical back-tested data. This hypothetical back-tested data has been calculated by an independent calculation agent and WisdomTree and has been included for illustrative purposes only. Index performance returns do not represent actual fund performance. Index returns assume reinvestment of distributions received but do not reflect fees, transaction costs or expenses. You cannot invest directly in an index. Past performance does not guarantee future results.

WisdomTree International Quality Dividend Growth Index CAD-Hedged The WisdomTree International Quality Dividend Growth Index CAD-Hedged is designed to remove the impact of the changes to the value of foreign currencies relative to the Canadian dollar from the WisdomTree International Quality Dividend Growth Index CAD. Accordingly, this index is an appropriate benchmark for the Hedged Units.

Distribution Yield: The yield is calculated by annualizing the most recent cash distribution and dividing by the Fund NAV from the as-of date. This figure is net of management fees and other fund expenses.

12-month Trailing Yield: The trailing yield is calculated by totaling cash distributions over the past 12 months and dividing by the Fund NAV from the as-of date. This figure is net of management fees and other fund expenses.

Management Expense Ratio (MER): As reported on the Fund's most recent Management Report of Fund Performance. MER is the total of the Fund's management fee and operating expenses, including all waivers and absorptions, and is expressed as an annualized percentage of the average daily net asset value.

Total Return (TR): Total return includes changes in the index value and reinvestment of all distributions before deduction of withholding taxes.

Net Total Return (NTR): Net total return includes changes in the index value and reinvestment of all net distributions after deduction of withholding taxes.
