WisdomTree

MONTHLY PERFORMANCE REPORT (AS OF 08/31/2019)

Canadian law does not allow the display of performance data for ETFs in operation less than one year.

Commissions, management fees and expenses all may be associated with investing in WisdomTree ETFs. Please read the relevant prospectus before investing, which is available at www.wisdomtree.com. WisdomTree ETFs are not guaranteed, their values change frequently and past performance may not be repeated. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or operational charges or income taxes payable by any unitholder that would have reduced returns. Performance of less than one year is cumulative total return. Management expense ratio (MER) is as reported on the ETF's most recent Management Report of Fund Performance. MER is the total of the ETF's management fee and operating expenses, including waivers and absorptions, and is expressed as an annualized percentage of the average daily net asset value.

Performance of the WisdomTree Indexes prior to their inception date represents hypothetical back-tested data and has been included for illustrative purposes only. This hypothetical back-tested data has been calculated by an independent calculation agent and WisdomTree. Index performance does not represent actual fund performance. Index returns assume reinvestment of distributions received but do not reflect fees, transaction costs or expenses. You cannot invest directly in an index. Past performance does not guarantee future results.

The WisdomTree ETFs listed on the Toronto Stock Exchange are managed by WisdomTree Asset Management Canada, Inc., a wholly-owned subsidiary of WisdomTree Investments, Inc.
